Dr. William G. Dickerson

Dr. Heidi Dickerson

Dr. Mark Duncan

**Length of Course:** 3 days

**Prerequisites:** None

**CE Credits:** 22

**AGD Codes:** 180, 734, 735

## Course Description

This program will start you on a path to greater understanding and enjoyment in your profession! An exciting three-day, hands-on program that shows you how to evaluate which cases to treat and how to gain treatment acceptance from your patients using advanced restorative dentistry.

You have patients in your practice RIGHT NOW that can benefit from these concepts; you have the opportunity to change their lives starting the day you return to your office!

## The objectives of this course are for the participant to be able to:

- Develop a practice free from the influence of insurance.
- Recognize what cases are dangerous to restore cosmetically.
- Identify the underlying cause of malocclusion and its importance.
- Identify why Class 2 and Class 3 malocclusions develop.
- Discuss which cases may require additional multidisciplinary treatment to ensure success.
- Define dental related musculoskeletal signs and symptoms.
- Understand why & how to take a physiologic bite and its relationship to the rest of the body.
- Eliminate Bruxism/Grinding in almost every case!
- Develop skills to eliminate chronic pain that no other health provider can.
- Understand the bite positions related to headache, neck pain, and back pain.
- Most importantly learn to love what you do for a living!

## Course Dates:

Wednesday, September 23, 2015 to Friday, September 25, 2015

Wednesday, December 2, 2015 to Friday, December 4, 2015

Wednesday, February 17, 2016 to Friday, February 19, 2016

Wednesday, May 25, 2016 to Friday, May 27, 2016

Wednesday, August 24, 2016 to Friday, August 26, 2016

Wednesday, November 30, 2016 to Friday, December 2, 2016
